

Table Grape Advisor

Applied Research and Extension

Serving Tulare and Kings Counties, California

Position Overview

The University of California, Agriculture and Natural Resources (UC ANR), a statewide program with local development and delivery, is seeking the following UC Cooperative Extension (UCCE) Advisor.

Location Headquarters.

Tulare County, CA

Purpose. The Table Grape Advisor will implement an extension education and applied research program to address high priority production issues for table grapes and provide research-based technical and educational assistance to the California table grape industry.

The CE Advisor will work closely with the California Table Grape Commission Viticulture Research Committee to address critical issues facing table grapes including, but not limited to, vineyard cultural practices and their impact on fruit quality and yield, integrated pest and disease management, irrigation and fertilization management and efficiency, best practices to minimize environmental effects on table grape production, postharvest storage and handling, and automation and mechanization.

This is an exciting opportunity to have meaningful impacts in the communities of the Central Valley and those throughout California.

Opportunities abound for research and extension partnerships that link consumers and resource professionals across multi-sectors with relevant science-based information and promote effective problem solving. The advisor will also join a team of highly motivated UCCE colleagues who are passionate about their work, and are dedicated to making a difference within the communities and throughout California. The potential for collaborative projects within the UC ANR system is nearly limitless.

Counties of Responsibility. This position will be headquartered in Tulare County and shall conduct multi-county extension, education and applied research programs in Tulare and Kings Counties.

Reporting Relationship: The CE Advisor serves under the administrative guidance of the University of California Cooperative Extension (UCCE) County Director for Tulare County.

Qualifications and Skills Required

Required Qualifications

Education: A minimum of a Master's degree in viticulture, agriculture, plant science, soil science, integrated pest management, or other closely related field is required at the time of appointment.

Additional Requirements

- Valid driver license.
- Live within a commutable distance of the position headquarters during period of appointment.
- The CE Advisor must possess or obtain within one year of hire a Qualified Pesticide Applicator Certificate (QAC) prior to applying pesticides or supervising the application of any pesticide.

Desired Experience

- Experience with vineyard or orchard crops
- Passion and desire to pursue a career in Cooperative Extension and community development.
- Experience in successful Cooperative Extension programming or community development,
- Demonstrated ability to effectively plan, manage teams and implement a research program, including setting measurable goals and objectives.

Skills Required

To be successful, the CE Advisor requires skills in the following area:

Technical Competence and Impact

The candidate should have a deep understanding of key concepts related to grape production systems and agronomic research design and be able to design and implement a program that leads to positive changes and impact within the community and beyond. There is an expectation that advisors evolve and grow across their career and respond to changes in the industry and by clientele.

Communication

Demonstrated excellence in written, oral and interpersonal and information technology communication skills. Public speaking to stakeholders is a routine part of this position.

Demonstrated ability to share complex information in a manner tailored to the audience.

Collaboration, Teamwork and Flexibility

Demonstrated ability to work collaboratively as a team member with industry and other stakeholders. Able to adapt as circumstances warranted.

Aware and willing to actively promote diversity, equity and inclusion.

Preferred Qualifications

Demonstrated ability in applied agricultural research and extension is preferred.

Lifelong Learning

Demonstrated commitment to ongoing self-improvement - both professionally and as a person. Ability to shift program focus as times and organizational needs change.
